Quality, Environment and Occupational Health & Safety Policy

- We manufacture and supply:
  - Fuel assemblies, core structural components and sub-assemblies for nuclear power reactors
  - Stainless steel & special alloy seamless tubes and high purity materials for hi-tech applications in the department and other technologically advanced industries.

- We are committed to:
  - meet the quality requirements of customers
  - protection of the environment including prevention of pollution
  - prevention of injury and ill health and
  - comply with the applicable statutory requirements.

- We strive to continually improve Quality, Environmental and Occupational Health & Safety performance through technological & administrative measures and by enhancing awareness among employees.
